First EUB Church Will Host 600 During Saturday's Annual Congress

Men of Circleville's First Evangelical United Brethren Church, E. Main St., Saturday will host the 14th Annual Men's Congress of the Ohio Southeast Conference EUB Church.

The annual event, the first of which was held at the Circleville EUB Church 13 years ago, will be attended by approximately 600 men. The EUB Southeast Ohio area is bounded on the west by U. S. Route 23, on the north by U. S. Route 40 and on the east and south by the Ohio River.

The Congress will begin at 8 a. m. Saturday with a Holy Communion Service. The Rev. O. F. Gibbs, pastor of the Circleville church, will be the celebrant.

Rev. Gibbs will be assisted by Conference Superintendents Dr. Clayton F. Lutz and Dr. Harold Dutt. Ladies of the church will serve breakfast following the Communion Meditation.

FOLLOWING the Breakfast at 9 a. m., there is a full day's program consisting of group

singing, devotions, messages of inspiration, special music, workshops, fellowship and business. An additional highlight will be the sing-off of a special Men's Quartet conference-wide contest.

Special guests and featured speakers for the day are John Ramsey, retired director for community relations, United Steelworkers of America, AFL-CIO; Lee Ranck, managing editor of Church and Home Magazine (an EUB publication) and author; and Dr. Wayne Cly-

mer, Dean and professor of Pastoral Theology, Evangelical Theological Seminary, Naperville, Ill.

Plans and program arrangements have been made by the Conference EUB Men's Executive Committee under the leadership of Paul W. Freshour, vice president and Congress chairman, Columbus.

The local church committee is guided by Robert Dumm, president of the local EUB Men's group.

Three Outstanding Speakers On EUB Congress Program

DR. WAYNE CLYMER

LEE RANCK

Three outstanding speakers will spotlight the program when the 14th Annual Men's Congress of the Ohio Southeast Conference EUB Church convenes here Saturday.

Scheduled to deliver inspirational messages during the all-day session are Dr. Wayne Clymer, Lee Ranck and John G. Ramsay. Hosting the yearly Congress is the First EUB Church on E. Main St.

All three speakers are well-known in their respective fields. Their messages will center around the Congress theme: "If It Doesn't Happen in the Local Church, It Doesn't Happen."

Their words of challenge to promote better service will be heard by an anticipated 600 persons who will travel here from all sections of the state.

DR. CLYMER is dean and professor of pastoral theology, Evangelical Theological Seminary, Naperville, Ill. He is the son of Dr. George Arnold and Grace Clymer of the Ohio-East Conference of the EUB Church.

Degrees have been conferred upon Dr. Clymer from Asbury College, Columbia University, Union Theological Seminary and New York University. He is an ordained minister of the Eastern Conference of the Evangelical United Brethren Church.

He served churches in Ozone Park and Forest Hills, N. Y., and has taught at the Garrett Biblical Seminary.

Articles by Dr. Clymer have appeared in the Christian Leader and the Telescope-Messenger, in addition to various other religious publications. He and his wife have two sons.

Ranck is managing editor of

Final Dock Strike Settlement Near

GALVESTON, Tex. (AP) — The final round of negotiations in the billion-dollar, eight-week strike of longshoremen resumes today at Galveston, with an eye toward getting dockers back on the wharves by the weekend.

That portion of the walkout affecting some 6,000 longshoremen in the South Atlantic District was settled early today with contract agreement at Miami Beach, Fla.

The only bargaining remaining is between the maritime industry and representatives of the clerks and checkers local of the International Longshoremen's Association for the West Gulf Coast District here.

Noted Author Is Dead

MEXICO CITY (AP) — Willard Motley, 52, author of "Knock On Any Door" and "Let No Man Write My Epitaph," died Thursday of gangrene.

EUB Church Men Always Striving For Participation

Men of the EUB Church from every corner and throughout Southeast Ohio will journey to Circleville tomorrow to engage in the 14th Annual Congress for Southeast Ohio Conference EUB Men.

The Conference Men's organization is headed by president Charles McVey of Athens, O. He is assisted by Walter LaPlante of Zanesville and Paul Freshour of Columbus, vice presidents; Robert Young of Newark, secretary; and Edwin Richardson of Circleville, treasurer.

The Conference area served is divided into two districts which in turn is subdivided into four groups each. Each group has its own elected officers.

In addition to the elected officers, the Men's organization

has various appointed commission chairmen, both on the Conference and Group levels. Elected Conference directors and superintendents serve in advisory capacity in the total effort to promote the work of men within the Conference.

THE BASIC truth of the fact in the axiom "If It Doesn't Happen in the Local Church, It Doesn't Happen" is motivation for the Congress.

EUB Men is a redemptive fellowship reaching into the lives of men. It serves to encourage men to participate in the work of the church, community, state and world. It challenges men to witness for Christ in daily living. The organization promotes projects of assistance to seminary students and college students and supplies the denomination Hymnal to Mission Churches.

EUB Men's primary project for the past several years has been the development of a 383-acre camp site four miles Southeast of Logan, O. To date members have contributed in excess of \$66,000 to the project which is identified as Camp Otterbein.

The present effort is to help promote development of a man-made lake at the Otterbein site to further enhance the already fast growing out-of-doors camp atmosphere.

Marines Set To Hit Beach

CAMP PENDLETON, Calif. (AP) — Twenty thousand Marines were set to hit the beach today — weather permitting — in an exercise to train men for limited waves like that in Viet Nam.

Waves up to six feet high were forecast for this stretch of Southern California Coast but officials hoped the sea wouldn't get rough until afternoon.

Plans called for thousand-man assault waves to start moving ashore about 9 a. m., in landing boats and helicopters in Exercise Silver Lance, a joint Navy-Marine maneuver involving a total of 60 ships and 50,000 men.

Two carriers, a cruiser, 12 destroyers and nine troop ships have waited offshore for days for the landing, climax of an exercise that began Feb. 23.

At sea, the exercise has been little different from assaults staged frequently at this West Coast Marine training ground.

Ashore, however, there have been many firsts, obviously borrowed from conditions met in Southeast Asia.

This has been the first exercise, officials say, in which troops have had to contend with civilian rioting in the mock villages they liberate.

Commanders in the field have had to revise their plans on the spur of the moment because civil officials who outrank them have deployed units without their knowledge.

Troops actually have been placed on short rations for days at a time to force them to scrounge food from "natives." By the new rules of this game, the "natives" — Marines trained to dress and act the part — are frequently unfriendly and unable to speak English.

Medical officers expect up to 15 per cent of the men in the first assault waves to be declared casualties by umpires assessing progress of the landing.

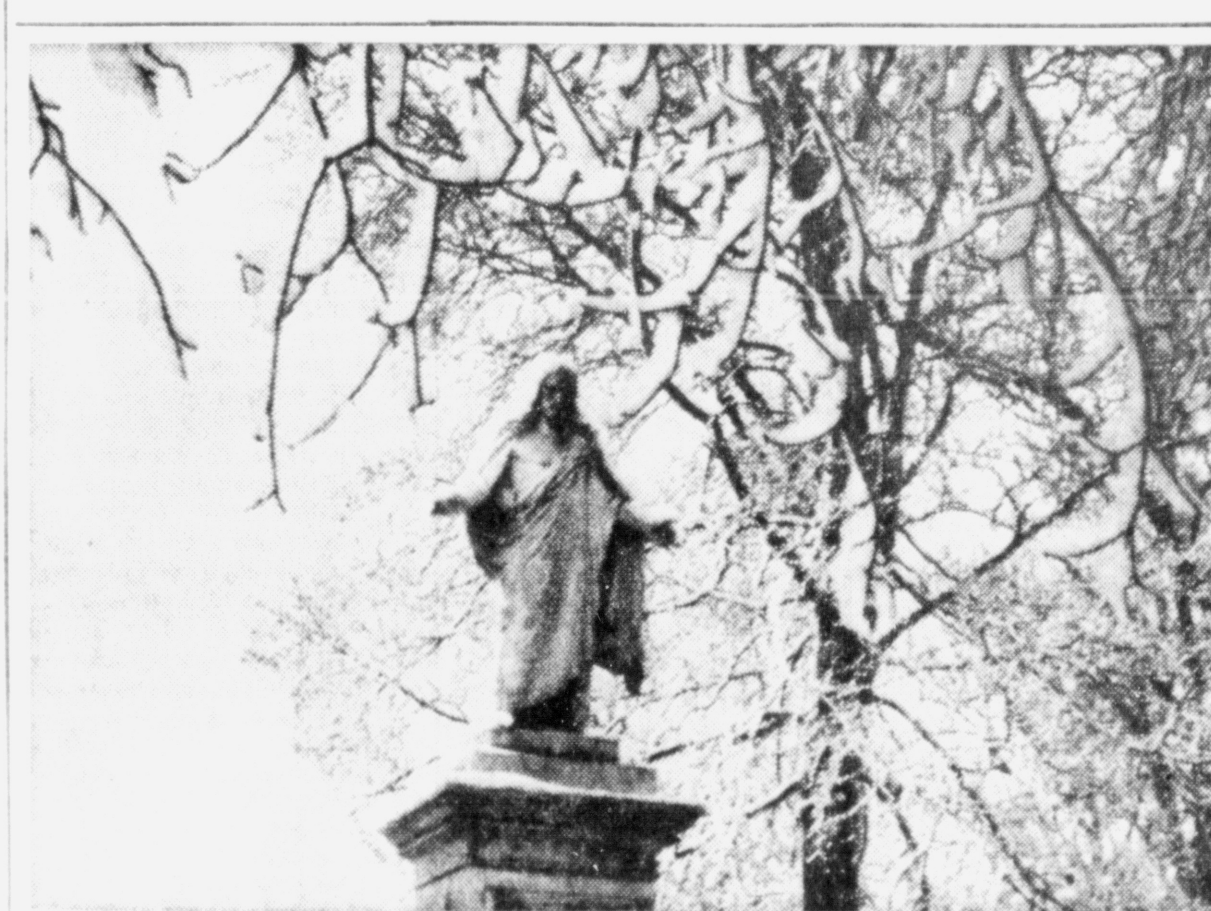

Keeping Score On The Rainfall

NLRB Election Booked In Washington C.H.

CINCINNATI (AP) — A collective bargaining election for 21 employees of American Agricultural Chemical Co., Washington C. H., Ohio, is set for March 11, the National Labor Relations Board said today. They will vote on whether to be represented by the Brotherhood of Carpenters and Joiners of America, AFL-CIO.

Army Chief of Staff Inspecting Viet War

AS PURE AS SNOW — The entire Pickaway County area was frosted with bright snow this morning. As far as the eye could see was more beauty than any camera could capture. At Forest Cemetery, a lone statue of Christ towered above all other memorials and was outstanding against the snow-laden branches of trees that glistened in the early morning sunlight. The scene was completely undisturbed and seemed to glow with a holiness all its own.

Major Battle Said Raging

Reinforcements Sent into Area

SAIGON, South Viet Nam (AP) — Reinforcements were airlifted into a major battle zone 40 miles southwest of Da Nang today, while a large-scale attempt to engage the Communists 50 miles east of Saigon ended a complete failure.

American and Vietnamese officials directing the war effort went into closed-door meeting with the U. S. Army chief of staff, Gen. Harold K. Johnson and the rest of a high-level delegation which arrived Thursday night from Washington.

The visitors got a briefing on the current military situation from Gen. William C. Westmoreland, American commander in South Viet Nam; and met with U. S. Ambassador Maxwell D. Taylor.

Johnson and his party will break up into small groups Saturday and tour various parts of this war-torn country.

Military sources at Da Nang, on the coast 300 miles northeast of Saigon, said nearly a battalion of Vietnamese rangers was flown to help out government units under heavy attack from at least two Viet Cong battalions.

One source said all the Vietnamese units, totaling more than three battalions, were in difficulty. An almost complete lack of hard facts on the battle indicated a degree of confusion among Vietnamese forces caught in the area.

One American, an Army Special Forces enlisted man, was shot in the stomach while accompanying his troop on a combat patrol Thursday in the Viet Cong area south of Da Nang. He was evacuated to a hospital at Nh Trang and reported in serious condition.

In the operation east of Saigon, some 3,000 South Vietnamese soldiers were airlifted in the biggest helicopter assault of the Vietnamese war.

The troops moved through (Continued on Page 2)

News Briefs

ST. LOUIS, Mo. (AP) — Three housewives don't like the way the men are running the city government of suburban Ferguson, and they are doing something about it.

The women filed as candidates for the City council Thursday and will oppose three male incumbents in the election April 6.

Marilyn Soest, mother of six; Anita Gilbert, with five children, and Ollie Bauer, mother of two, took all 13 children with them to City Hall for the filing.

Mrs. Soest said they are charging the men with machine rule. The women are especially upset, she said, about a plan to place the city library under St. Louis County control.

DALLAS, Tex. (AP) — The Miss Tan America pageant, the first nationally coordinated Negro beauty pageant, will be held in Dallas April 7-10.

Local, regional, and state winners are now being selected through pageants in 66 cities to compete here for "Miss Tan America 1965."

MCALISTER, Okla. (AP) — Pepper Martin, who became famous as a St. Louis Cardinal baseball player in the early 1930's, died of a heart attack today in a hospital at the age of 63.

STOCKHOLM (AP) — Queen Louise of Sweden spent a quiet night, a communique said today.

The 75-year-old queen was stricken early Thursday with a blood clot caused by a change in her main body artery, the aorta. She was rushed to a hospital and underwent a six-hour operation.

KUALA LUMPUR, Malaysia (AP) — Left-wing students placed "Philip go home" signs around the University of Malaya campus today half an hour before the husband of Queen Elizabeth II arrived for a visit.

Police forces immediately converged on the area and removed the signs before Prince Philip arrived. The leader of the group was questioned by the police, then released to the custody of university officials.

WIESBADE, Germany (AP) — The number of West German millionaires keeps on increasing. According to the latest count there were 11,663 two years ago.

The figure was published Thursday by the Federal Statistical Office.

The total two years ago was nearly 2,500 more than the 9,217 millionaires counted on Jan. 1, 1960.

Explosion Area Seeks Normalcy

Louisiana Mourns Loss of 17 Lives

NATCHITOCHES, La. (AP) — A rural home area near this peaceful northwest Louisiana town looks like a war-torn battlefield today.

Five homes are leveled, cars lie in melted heaps, and 17 persons are dead after a geyser of flame erupted from an underground natural-gas pipeline explosion Thursday. The dead include nine children.

"All Louisiana citizens mourn the terrible loss of life," said Gov. John McKeithen. "It is imperative that all resources at the command of this state insure that something like this does not happen again."

Tennessee Gas Transmission Co. officials said only a laboratory analysis might tell what ruptured its 32-inch pipeline.

The line, part of a 2,000-mile system channeling natural gas from South Texas to New England, is six feet below ground. It lies some 150 yards from the devastated row of modest frame homes.

The fire scorched five other homes and a sawmill one-quarter mile away. It turned trees into black sticks and seared the earth of all plant life in a 10-acre area.

"Bodies were scattered everywhere," said Deputy Sheriff D. W. Bryant. "Most of them were burned and charred past the point where you could recognize them."

Fourteen of the dead were from two families. In one house, the blast killed Mr. and Mrs. J. R. Rond, three of their children and three small grandchildren. At a nearby home, the victims were the Rev. and Mrs. Jack Van Meter, their three small children and Mrs. Van Meter's mother, Mrs. Lawson Antley, 74.

The eight members of the Rond family will be buried together after services today. A mass funeral for the six members of the Van Meter family will be held Saturday.

Funeral services will also be held Saturday for Mrs. William Ammons, 28, and her three-month-old son and Lewis Gilcrease, 44.

Eight persons were hospitalized, including William Ammons, husband of the dead woman, and two of their sons. Also hospitalized was H. G. Martin, his wife, and a son and daughter.

Chiang's 'Heir' Dies

TAIPEI, Formosa (AP) — Vice President Chen Cheng, Chinese Nationalist President Chiang Kai-shek's political heir, died tonight of cancer of the liver. He was 67.

Four Inches Of Snow Here

Pickaway Countians awakened to a winter wonderland of beauty this morning.

The weatherman said approximately four inches of snow fell here, beginning yesterday evening, but only about two inches were measured this morning. Rainfall and melted snow amounted to three-quarters of an inch during the past 24 hours.

Rainfall that began yesterday afternoon changed to a heavy snow by early evening and within a few hours everything in sight was outlined with the "white stuff."

Motorists faced treacherous driving conditions last night during the snow storm, but no serious accidents resulted in this area.

THE HIGH temperature yesterday, recorded early in the morning, was 56 degrees. By 7 a. m. today the mercury had dropped 40 degrees — the low reading was 16.

More snow is expected this evening and tomorrow. The forecast calls for partly cloudy skies and colder with snow flurries. The low tonight is to be 18-24 with a high tomorrow of about 32.

Once Around Roundtown

INDIVIDUALS, firms and organizations joined today in extending a hearty welcome to the 14th Annual Men's Congress of the Ohio Southeast Conference EUB Church which convenes tomorrow at the First Evangelical United Brethren Church on E. Main St. . .

Approximately 600 visitors are expected. . . We hope their day long stay will be a pleasant and rewarding one. . . The first Congress was conducted at the local EUB Church 13 years ago.

AWOL Soldier Killed By Columbus Police

COLUMBUS, Ohio (AP) — Columbus Police shot and killed a 21-year-old man early today, after being called to an East Side carryout store on a report of an attempted burglary.

Police identified the victim as William George Marshall of Columbus. He was dead on arrival at University hospital.

Military police at Ft. Hayes here said Marshall was an Army private who had been absent without leave from Ft. Hood, Tex., since about the first of the year.

Gotham City School Chief Under Fire

NEW YORK (AP) — The Board of Education has placed Dr. Calvin E. Gross on a three-month leave of absence with pay as the first move in a drive to force him out of his \$45,000-a-year job as superintendent of city schools.

Gross has rejected a request for his resignation, made nine days ago. He called the request "shocking and unexpected" and said it was made "peremptorily."

The board Thursday stripped Gross of his authority and appointed Dr. Bernard E. Donovan, executive deputy superintendent, as acting superintendent.

For the past year, members of the Board of Education have privately expressed dissatisfaction with Gross, who came here less than two years ago. Gross, 45, had won high praise during five years as head of the Pittsburgh schools.

One of the board's complaints against Gross is reported to be his failure to come up with a fresh school integration program based on recommendations made 10 months ago by State Education Commissioner James E. Allen Jr.'s integration committee.

Former NYA Chief Dies

WASHINGTON (AP) — Aubrey W. Williams, 74, former head of the old National Youth Administration and president emeritus of the Southern Conference Educational Fund, died Wednesday after a long illness.

Community Extends Welcome to EUB Church Congress

WINS AWARD — Melissa Griffith, daughter of Mr. and Mrs. Wayne Griffith, 270 Sunset Drive, is pictured here with a doll she was presented today on Luci's Toy Show, a TV program originating from Columbus. Melissa received the doll as second prize winner in an art contest sponsored by the TV kiddie show. She was second in the 5 and 6-year-old age group.

Rusk To Brief Latin Envoys On Viet Struggle

WASHINGTON (AP) — Secretary of State Dean Rusk reports to Latin-American ambassadors on the Vietnamese war situation today in a developing drive to rally wider international support for the U.S. stand in Southeast Asia.

The State Department announced Thursday night that ambassadors from Latin-American nations had been called to meet Rusk late today and that Rusk and other top officials "expect to hold similar group meetings with the ambassadors of other countries."

In a speech Thursday night in New York, Rusk said Communists in Southeast Asia, fearing the "suicidal risks" of open attack, have "fallen back on aggression by the infiltration of arms and trained men across national frontiers."

"A clear and unequivocal recognition by the rest of the world that this is a form of aggression is long overdue," Rusk asserted.

Much the same kind of point was made in the White Paper on the Vietnamese War which the State Department issued last Saturday. The report declared

that "the war in Viet Nam is a new kind of war, a fact as yet poorly understood in most parts of the world."

Rusk was expected to tell the ambassadors, as the White Paper asserted, the United States considers the war being waged by the Communists against South Viet Nam an "aggression as real as that of an invading army."

It was expected that in coming days Rusk and other officials will meet with ambassadors of Western European allies and with groups of envoys from other areas of the world as rapidly as such meetings can be arranged.

Pressure on the United States to enter into peace negotiations with the Communists for a Southeast Asian settlement has been building up since U.S. aircraft began bombing infiltration bases in Communist North Viet Nam a month ago.

Rusk said in his New York speech, made to a meeting of the U.S. Council of the International Chamber of Commerce, that U.S. forces are in Southeast Asia "to help independent peoples resist aggressions."

He said that Laos as well as South Viet Nam has been the target of "persistent aggression" from North Viet Nam in violation of various international pledges made by North Viet Nam and Red China.

"Our troops could come home tomorrow," Rusk said, "if the aggressors would go back north and stay at home."

"The defeat of these aggressions is not only essential if Laos and South Viet Nam are to remain independent," he added. "It is important to the security of Southeast Asia as a whole. Thailand already has been proclaimed as the next target by Peiping."

Rusk also denied that the Communist guerrillas in the southeast have any "major popular following." He said they impose their rule in areas they control and recruit men into their guerrilla bands largely by the use of terror.

Red Cross Blood Collection Reaches 126 Pints in City

A visit yesterday to Circleville by the Red Cross Bloodmobile resulted in the collection of 126 pints of blood.

The mobile unit visit was greeted by 140 prospective donors, although 14 were turned away due to medical reasons. Red Cross officials pointed out today that the quota for each Bloodmobile appearance here this year is 130 pints.

Nine visits have been scheduled for 1965. Spokesmen said the quota increase for Pickaway County is due to population growth and greater blood usage.

Honored as a four-gallon donor yesterday was Charles Eitel, William Graham and Fred Redman became three-gallon donors.

JOINING the two-gallon club were Marvin Jenkins and Vaughn Herdman. Reaching the one-gallon mark were Thomas Cavanaugh, Dale Edwards, Ronald Berlin, Jack DeBarr, Roger May and Annabelle Rose.

Canteen service was sponsored by the Farm Bureau Women's group. On duty were Mrs. John Stevenson, Mrs. Robert Call, Mrs. William Richards, Mrs. William Hoffman, Mrs. Davidson Drummond, Mrs. David Evans, Mrs. Ronald List, Mrs. Richard Hansen, Mrs. H. N. Stevenson, Mrs. Marvin Rittinger, Mrs. Paul Drummond and Miss Mary Clark.

Handling the registration were Mrs. B. B. Deffenbaugh, Mrs. Lewis Young, Miss Mary Howard, Mrs. Charles Walker, Mrs. Howard Huston and Mrs. Montford Kirkwood.

Temperature readings were taken by Mrs. V. D. Kerns and Mrs. Stewart Lewis. Mrs. Lowell Toland and Mrs. Lewis Dean worked as Gray Ladies and Yvonne Sabine was on duty as a Volunteer.

Registered nurses assisting the collection were Mrs. Robert Denman, Mrs. Donald Archer, Mrs. Arthur Bowman, Mrs. Clarence Clark, Mrs. Joseph Glass and Mrs. Spurgeon Batton.

Doctors on duty were F. W. Anderson, E. S. Shane, J. M. Hedges, V. D. Kerns, R. H. McCoy, E. L. Montgomery and Frank Moore.

Defiance Firm Plans Adding 1,000 Aides

DEFIANCE, Ohio (AP)—Construction of a multi-million-dollar foundry here adjacent to the one established in 1948 was announced today by the Central Foundry Division of General Motors Corp.

John F. Gordon, GM president, announcing the project, said that when in full operation the plant is expected to add about 1,000 employees to the current force of 2,500 in Defiance.

The plant will be constructed two miles east of Defiance between Ohio 281 and the Maumee River and will be known as Defiance Foundry No. 2 of the GM foundry division. It will provide the capacity needed for additional malleable iron and steel castings. The present plant will continue producing gray iron and malleable iron castings.

Preliminary work is to start at once.

Jury To Hear Illegal Drug Purchase Case

A Chillicothe man arrested by Circleville Police yesterday for illegally purchasing paregoric was bound to the Grand Jury today under \$1,000 bond by Municipal Judge Sterling M. Lamb.

George Clifford Karr, 43, entered a plea of guilty to the charges filed by Circleville Police Chief Robert Temple.

Karr was apprehended yesterday after purchasing paregoric at three different local drug stores, Chief Temple said. The arrest was made with the cooperation of local druggists.

The Chillicothe man told the judge he had been making purchases here for several months. He admitted using a number of fictitious names to sign narcotic records.

Karr claimed he was receiving "out patient treatment" at Chillicothe Veteran's Administration Hospital.

Deaths

MR. CHARLES BIXLER

Mr. Charles Bixler, 74, Route 3, Lancaster, died 10 p. m. Wednesday in Veterans Hospital, Dayton.

Surviving are two brothers, Edward, Ashville; Nelson, Lancaster; one sister, Mrs. Mazie Roberts, Amanda.

Services will be 2:30 p. m. tomorrow at the Sheridan Funeral Home, Lancaster, with the Rev. Lyle Marine officiating. Burial will be in Amanda Twp. Cemetery.

Friends may call at the funeral home.

Board of Education To Meet Wednesday

The Circleville Board of Education's March meeting date has been changed to 8 p. m. Wednesday. The board normally meets the second Tuesday of each month.

The Mar. 10 session will be held in Superintendent Fritz Jacobs' office at the high school.

Bond Is Forfeited

A Mos Johnson, Circleville, forfeited a \$50 bond posted in Circleville Municipal Court when cited for disturbing the peace and disorderly conduct.

U.S.-Indonesian Relations Shaky

WASHINGTON (AP) — America's closing of its libraries in Indonesia signaled a further deterioration of U.S.-Indonesian relations with possibly more trouble ahead.

Washington officials say they do not expect a formal break in diplomatic relations with the big Asian country. But what the Americans term continual harassment by the leftist Jakarta regime is pushing affairs close to rock bottom.

Citing "intolerable" conditions and five years of attacks on the U.S. libraries, U.S. Information Agency Director Carl Rowan Thursday ordered an immediate end to the whole \$1.18-million U.S. information program in Indonesia and withdrawal of the 17 USIA officers there.

It was USIA's first such withdrawal under hostile conditions since the American overseas propaganda program began after World War II, U.S. officials said.

The Indonesian government had already put out of operation the five USIA libraries and reading rooms. U.S. authorities are considering giving the 60,000 books to Indonesian universities.

Also ended by Rowan's order are distribution of a USIA magazine which had an Indonesian readership estimated at 1 million, distribution of USIA films, news material and exhibitions. Now only USIA's radio arm, the Voice of America, will remain to broadcast the American official view into Indonesia from a Philippines-based transmitter.

The Communist-style campaign against the Americans has forced the United States to weigh ending the remaining U.S. aid program, already cut to less than \$3 million a year compared with former annual amounts of more than \$100 million. But the American stake is still large in the potentially rich and strategic country of 100 million, and Washington hopes to keep at least a diplomatic presence there.

A pending issue is the Indonesian government's proclaimed plan to take over the U.S.-owned rubber plantations, worth an estimated \$100 million.

Another \$350 million in U.S. oil holdings have not been seized and may not be because the Indonesian government gets a big share of the profits.

Major Battle

(Continued from Page 1)

Phuoc Tuy Province, and U.S. jet fighter-bombers dumped hundreds of tons of bombs, but no contact was established with the Viet Cong.

Four Vietnamese soldiers were killed by B57 jet bombers in an accidental airstrike. Two others were killed in a hit-and-run Communist mortar attack.

During the operation, a scant 15 miles to the north, the Viet Cong overran the town of Rung La Tuesday, wiping out a company of regional defenders. By the time relief troops arrived, the Viet Cong were gone.

Also on Tuesday, the Viet Cong attacked a ranger company, killing 33 and wounding one.

The number of Americans killed in combat since December 1961 rose to 301 with the death of a U.S. Army Special Forces enlisted man.

District Speech Contest Scheduled at Worthington

By CHERYL BRAY
The long-awaited day of judgement will dawn tomorrow morning at 7 a. m. as the District Speech Contest entrants journey to Worthington.

Young Enters Controversies

General's Report, AMA Both Rapped

WASHINGTON (AP) — Ohio's fiery Sen. Stephen M. Young has stepped smack into the middle of two of the nation's hottest issues—the Viet Nam war and medical care for the aged.

In a Senate speech Thursday, Young charged that a statement by Gen. Harold K. Johnson, Army Chief of Staff, that 75,000 Communist Viet Cong have been killed in Viet Nam is "misleading and cannot be correct."

A Democratic member of the Senate Armed Services Committee, Young said he knows the statement is inaccurate from secret testimony by Gen. Johnson and others in closed committee sessions.

Young said the Viet Cong often wear the garb of friendly South Vietnamese villagers and when dead members are left behind it is almost impossible to know if they were the raiders or innocent natives.

He said Johnson and other military leaders "should stick to their military duties and assignments" and avoid making such statements.

Later, Young said the AMA has assigned the "most powerful and spendingest lobby in Washington" to the task of defeating President Johnson's health care proposals. And he said the organization's "Elder-care" proposal should be termed "elder scare."

The 75-year-old Young said 30 years ago, when he was a member of the house, AMA and other groups tried to defeat the original social security old age benefit program and failed.

"They used the slogan socialistic then and they are trying to use it again," he said.

He made his statements in introducing an amendment which would permit Social Security recipients to earn \$3,000 a year without having monthly benefits reduced. These benefits currently are lowered when recipients earn more than \$1,500 a year.

Ohio Admissions Tax Continues To Decline

COLUMBUS, Ohio (AP) — State Auditor Chester W. Goble says collections of the admissions tax—levied on the local level—continued to drop in 1963. He reported Thursday that a survey by finance officers of Ohio's 194 cities shows 49 cities still collecting the tax, compared with 56 in 1962. Goble said collections in 1963 were \$775,438, a drop of \$16,591 from 1962. Three major cities still collect the tax. In 1963, Cleveland collected \$338,889, Cincinnati, \$125,103 and Canton, \$22,245.

Ohio Joins 4 States In Mental Health Plan

WASHINGTON (AP) — Ohio has joined four other states in endorsing a joint federal-state program to help pay for staffing mental health centers.

Martin A. Janis, Ohio's director of mental hygiene and correction, urged the House Commerce Committee Thursday to approve the bill calling for federal aid over the next four to five years. Joining Janis was Gov. John Dempsey of Connecticut. Earlier in the day, Govs. Otto Kerner of Illinois and John Volpe of Massachusetts had taken similar stands before the committee. Kerner also read an endorsement from Wisconsin Gov. Warren Knowles.

AFTER 35 REAL RELIEF FROM CONSTIPATION

If you're over 35 and you feel grouchy, out-of-sorts — your trouble may be due to constipation caused by a slowed-down system. The laxative you're used to may no longer be best for you. Try SERUTAN, the all-vegetable laxative aid especially made for folks over 35. SERUTAN provides the peristaltic stimulation to wake up your slowed-down system. This is entirely different from pills, salts or oils. SERUTAN acts like the natural laxative hydrogel in fruits and vegetables to bring real relief from constipation. So, after 35, take SERUTAN daily to help stimulate your slowed-down system to more normal regularity. Remember, when you read SERUTAN backwards, it spells *nature's*.

Teen-Ager Convinced 'New Math' Teaches You a Thing or Three

EDITOR'S NOTE — Well, as you thought when you flunked that math exam: 5 plus 5 isn't necessarily 10. Read on in the following last of five articles on the "new math" and you'll see why. Katie Mueller has been dealing with the new math for the last three years in her school and explains the workings of the new system.

By KATIE MUELLER
Written for Associated Press
Did you know that 14 plus 14 equals 31?

It's true, although not in the number system we use. It adds up to 28, of course, in our system "to the base 10." But if we use a base of 7, the sum of 14 plus 14 would be 31.

I'll explain that in a minute, but first let's have some background.

When we write the number 132, what we mean is 1 times 100, plus 3 times 10, plus 2 times 1. Similarly, 17 is actually 1 times 10, plus 7 times 1.

Most people, of course, never think this out when they write down a number. Mathematicians realized this, and developed the theory of "bases" to better explain place values.

As you know, we count in groups of 10 — we have a "base" of 10.

Why this is, we don't know for certain.

But we can visualize a shepherd of ancient times, counting his sheep on his fingers. Each time a sheep went by, he would place a small stone on the ground to mark its passage.

But this became a bother, there were too many sheep. So, whenever he had 10 small stones — the same number as he had fingers—he would use a larger stone. Then, when he had 10 of these stones, he would use an even larger stone to sig-

nify 10 groups of 10 each, or 100. He might have had something that looked like this:
"O" "O"
O O O
x x x x x x x x
This would have meant he had 239 sheep — 2 groups of 100, 3 groups of 10, and 9 singles. But supposing this shepherd

"MISS ENGLAND," Jennifer Gurley, beams her pleasure as she anticipates the "Miss World" beauty competition. She runs a beauty shop for dogs in Manchester. Incidentally, she remarked that she and her boyfriend spat about a month before, and "I'd take him back if he telephoned me."

had only seven fingers? Then what would he have done?

The same thing. The small stone would still represent one sheep. But now each medium-sized stone would represent a group of 7 sheep, and each large stone would represent a group of 49 sheep — 7 groups of 7 each.

And our seven-fingered shepherd might have had something that looked like this:
"O" "O" "O" "O"
O O O O O
x

This represents 4 groups of 49, 6 groups of 7, and 1 single. This would be described today as "461 to the base 7," or just the numeral 461 with a small figure; 7 to the right and below the figure 1.

The important thing to remember is that whether we say 239 to the base 10, or 461 to the base 7, we are talking about the same number of sheep. Of course, we can use other numbers as a base in addition to 10 and 7. A shepherd with only five fingers, for instance would count the same number of sheep and end up with 1,424 to the base 5.

Incidentally, these figures are read as four six one to the base seven, and two three nine to the base 10 — not four hundred six-

ty one, or two hundred thirty nine.

Now that this is all crystal clear, let's go back to that business of 14 plus 14 equals 31, when figured in the base 7.

First, let's write it down as a simple problem in addition, like this: 14 plus 14 equals 31.

When you add 4 and 4, the answer can't be 8, because there is no 8 in the base seven. Just as any number over 9 is "carried over" in the base 10, so is any number over 6 carried over in the base 7.

Think of it this way: In our system of the base 10, if you add 6 and 5 you are 1 over 10, so you put down 1 and "carry" 1. In the base 7, when you add 4 and 4 you are 1 over 7, so you put down 1 and "carry" 1.

Try it. You put down 1 and carry 1, and there you have it — 14 plus 14 equals 31.

These bases are used only to help students get a better understanding of the place values of numbers. Teachers usually spend only a few weeks on it.

From now on, if anyone tells you that you're so dumb you don't even know what 2 and 2 is, you can tell them, "two plus 2 is 100 in the base 2, 11 in the base 3, 10 in the base 4, and 4 in the bases 5, 6, 7, 8, 9 and 10."

That'll teach 'em a thing or three!

'65 CHEVROLET
These great performers are the lowest priced models at our One-Stop Shopping Center

Top to bottom: Chevy II 100, Corvair 500, Chevelle 300, Chevrolet Biscayne. All 2-door models.

Hard to tell at a glance that each of these beauties is the lowest priced in its line. The ride doesn't show it. Or the interior. Or the performance. Just the price sticker.

That luxurious '65 Biscayne has the room of many expensive cars. Plus a handsome color-keyed interior with plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide-opening doors, roomy, tastefully trimmed interior, and all the easy-care features of the big Chevrolet.

Chevy II got a whole lot smarter for '65—but kept its common sense! Still family-size, easy to handle, economical, and the lowest priced Chevrolet out.

Both Corvair Sport Coupe and Sport Sedan have

the international flavor of a rear engine hardtop, promise fun for the months ahead.

Chevrolet, Chevelle and Chevy II are available with the economical Turbo-Thrift Six engine. It's economical, warms up quickly, idles silently. It's light, efficient, quiet, and spirited.

Corvair's rear-mounted Turbo-Air Six delivers the best balance and traction for this size car. It's air-cooled—no water or antifreeze.

So be practical. Check the great offer on your old car, the low payments on your new one. Only you will know how practical you've been. Because it sure won't show!

Another Shelter Scare?

Almost 150 million Americans would be killed in an all-out nuclear attack, Defense Secretary Robert McNamara told Congress — a remark hardly calculated to reassure the nation in a time of international tension. A program to build more shelters would, of course, reduce the toll, he added.

It is well an good to face the harsh facts of life in the far from peaceful nuclear age. But along with scaring Americans, McNamara and the administration ought to offer some proposals about where they might run.

The government indicates shelters are needed, but it has no plan to obtain them. Who should build them? Individuals? Communities? States? What aid would the federal government pro-

vide for local shelter programs? Or should the federal government build them?

In relaying his grim prediction to the House Armed Services Committee as part of his annual "military posture" statement, McNamara proposed no money for shelter construction. The reason given was that such programs have died in Congress three years in succession. This hardly seems an adequate excuse.

As it stands now there could be a repeat of the shelter neurosis of the early 1960s. There was a great deal of discussion about shelters, considerable alarm and a fair amount of dispute. But a constructive workable program never came into being.

Lolobrigida Explains Herself

By Hal Boyle

NEW YORK (AP) — "As with most women, I am not at my best in the morning," said Gina Lolobrigida.

"The day should start at noon. If I am going to have a fight with someone, I have it in the morning. If I have a pleasant romantic rendezvous, I like it in the afternoon or evening."

These opening remarks as she sat down to luncheon left me somewhat in a dilemma. Should I put up my dukes, or recite a love sonnet to Miss Lolobrigida?

The dark-haired Italian actress is tempestuous as well as beautiful. Critics have said many things about her many-faceted personality. She herself once remarked dryly, "I am an expert on Gina."

Here, then, is Gina on Gina and on life:

"I live wherever I'm working. I fly so much home is where I am now."

"I like to have few but good friends. Enthusiasm. My son more than anything else in the world. The color red when I feel good, black when I'm moody. Gardenias, antique furniture and Etruscan vases. I'd rather spend my money on art than jewels or furs."

"I like red wine. Alsatian wolf hounds — the big animals not little ones — summer, emeralds, reading Sartre, Chekhov, Steinbeck and Faulkner; listening to classical or jazz music, soft lights, the smell of babies, people with strong personalities, Chinese food and shish kebabs."

"I don't like dishonesty, insincere people, ennui, to be late to engagements, the wind, neon lights, sleeping in airplanes and waking to find I don't have my feet on the ground, small insects."

"When I have a nightmare, I dream a bee is going into my ear. The thing I am most afraid of is flies."

"My moods are like an elevator — always going up or down. My biggest fault is that I'm insecure most of the time. I envy people who can think straight all the time, who always know just what they want. I'm not that way."

"To me life is surprise — and I like that. I don't like programs. It's much better to wonder about tomorrow."

"My philosophy is simple. It is this — that tomorrow is a good day."

"Today is important, too, of course, but I never think about the past. It makes me sad. I don't regret what I did. I would make the same decisions again."

"But when we remember it is like watching a different person, because we are always changing in life."

"I don't want to live behind me."

"Who likes to look at dead flowers?"

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

YELLOW FEVER

Yellow fever is a severe infectious disease caused by a virus that is transmitted to man by certain mosquitoes.

There are two types of yellow fever. Urban yellow fever is transmitted to man by the bite of the female *Aedes Aegypti* mosquito. Jungle, or sylvan yellow fever is carried from monkeys to man by forest mosquitoes.

Yellow fever occurs most commonly in some areas of South America.

The World Health Organization immediately alerts public health officials everywhere whenever a case of yellow fever is reported.

The World Health Organization has a concentrated D.D.T. program to eradicate the *Aedes Aegypti* mosquito.

Yellow fever vaccine offers very effective protection against the disease. A single injection will almost always produce immunity.

An intense attack against yellow fever was begun during the Spanish-American War, when Major Walter Reed was assigned the gigantic task of er-

adicating the responsible mosquito.

Yellow fever derives its name from the jaundice (yellowish discoloration of the skin) which sometimes accompanies this condition. Occasional outbreaks still occur in isolated areas of the world.

ROCKY MOUNTAIN SPOTTED FEVER

This rare disease is caused by a tiny organism called *Rickettsia*, which is transmitted to man by means of the bite of an animal tick.

The name stems from the fact that it was originally reported in the Rocky Mountain regions of Montana and Idaho about 75 years ago.

Sometimes the rash and fever that accompany this disease can not easily be distinguished from many other infectious diseases.

A vaccine is available for the prevention of Rocky Mountain Spotted Fever. People who live or travel in areas which are known to be infested should be immunized.

This disease is no longer as serious as it once was. The new antibiotics are remarkably effective against *Rickettsia*.

PARROT FEVER

Psittacosis, or parrot fever, is an infectious disease of birds. The causative virus may be transmitted to man by an infected bird.

The disease was originally described in 1880 by a Swiss physician. Psittacosis became known as "parrot fever" because a small epidemic which occurred about 20 years ago was traced to South American parrots.

The virus of psittacosis is harbored in the nose and throat of infected birds. In order to eradicate psittacosis, breeders of birds should treat all birds with antibiotics before they are sold as house pets.

Psittacosis can now be more readily diagnosed by blood studies. The tetracycline antibiotics have been exceedingly effective against this disease.

Try and Stop Me

By BENNETT CERF

EXPERIENCED Leland Hayward can spot a ham actor at a distance of three miles. There's one old fellow he's allotted minor roles in several productions, despite his incurable habit of invariably holding the center of the stage just a few moments longer than called for in the script.

One day the old actor took ill and was sent to the hospital, where he lingered on for a month, getting neither better nor worse. Hayward went to visit him at the end of the month. When he returned to his office, Josh Logan asked, "How is he?" Answered Hayward, "He's overdoing it—as usual."

A Las Vegas showgirl, obviously headed for the heights, has forsown golf in favor of bowling. "It's cheaper," she explains. "Last night, for instance, I bowled for three hours and didn't lose a single ball."

At a preview of a new MGM picture, Publicist Dan Terrell was asked how he made such rich, wonderful coffee. "First," he began thoughtfully, "you get your wife out of bed..."

The Business World

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP) — Neither blizzards nor aphids, neither fear of an economic slowdown nor threats of spreading war in Southeast Asia can stay the American home gardener from plans to spend his money.

At home he's pouring over seed catalogues. In cities around the nation he's ready to wade through snow if necessary to view the flower shows about to bloom forth in all their glory.

For garden essentials or luxuries American home gardeners are expected to spend \$3 billion this year in pursuit of their hobby, their dream, or their addiction.

Sales of all the necessities and sidelines have risen 300 per cent since 1950. And some 40 million Americans, spending varying sums for modest garden plots or for huge landscaping showpieces, make up the \$3 billion market that is the target of nurserymen, makers of lawn mowers, garden tools, insecticides, pesticides, fertilizers, and

the purveyors of services of various kinds to gardeners whose thumbs are only a pale green.

The Stanford Research Institute estimates that the rate of growth in home gardening spending will expand the market to \$7 billion within 10 years.

The American Association of Nurserymen breaks down this year's spending this way: For plants \$1.3 billion, including \$200 million for seeds; and \$1.7 billion for services, lawn mowers, tools, fertilizers and items to combat the insects and other pests that darken so many gardeners' hopes.

The seed catalogues, with all those pretty pictures, already have accomplished much of their enticing mission.

Garden sections of the Sunday newspapers are filled with advertisements for a vast array of tools, insecticides, rare and common plants.

Now it is the turn of the flower shows, which draw increasing crowds each year in various regions.

One Year Later

By John Chamberlain

FAYETTEVILLE, Ark. — This is the home town of Senator J. William Fulbright chairman of the Senate's Foreign Relations Committee, and, since it is just about as far away geographically from any foreign nation as any spot in America, it could be the key to the Senator's somewhat equivocal attitude toward pursuing the Cold War. Certainly it offers a good place to take a one-year-later look at his famous speech of March, 1964 on the "Old Myths and the New Realities."

It will be recalled that Fulbright, heartened by Khrushchev's adventures in "goulash diplomacy," thought last March that the Cold War was subsiding. And so he proceeded to "think the unthinkable," advocating a more relaxed attitude toward Communists everywhere. Castro's Cuba could, he thought, be regarded not as an "intolerable" threat to the Monroe Doctrine but simply as a "distasteful nuisance."

The possibility of new agreements with the "polycentric" Communist nations of eastern Europe and with the Soviet Union itself could be profitably explored. As for Vietnam and Red China, Fulbright was more non-committal. But he said a kind word for the former Assistant Secretary of State for Far Eastern Affairs, Roger Hillsman, who had been forced to quit after recommending an "open door" attitude toward the possibility of improving our relations with the bloody Mao Tse-tung.

What seemed really intolerable to Fulbright was the prospect that the Cold War would continue to extract some fifty billion dollars a year from American taxpayers for armaments. And, after spending a couple of days at Bill Fulbright's alma mater, the University of Arkansas, which he once headed as a controversial President, one can see why the head of the Senate Foreign Relations Committee represents the current cost of our foreign relations. Arkansas is a poor state, especially in its northwestern Ozark highlands where it tries to get by on the chicken business. The cry of university faculty members is, "Thank God for Mississippi" — meaning that the Arkansas state budget for education isn't

quite the worst in the United States. The average for public school teachers' salaries in Arkansas is below that of neighboring Oklahoma, where teachers have been threatening to resign en masse if they can't get more money.

So it is easy to see why Bill Fulbright would like to have some money out of the fifty billion military budget and divert it to such things as aid to education. One can sympathize with his psychological predicament.

But the question, in the light of Vietnam and the current manifestation of renewed working relations between Moscow and Peking, is whether the "old myths" of Communist intransigence are really myths and whether the "new realities" are any different from what we have been living through ever since Russia cracked or stole the secrets of atomic fission. Since Bill Fulbright made his famous speech, Khrushchev has disappeared. Well, the Senator was ardently hoping, a year ago, that the Central Committee of the Communist Party of the U.S.S.R. was "developing under Khrushchev into a kind of rudimentary parliamentary body." Maybe it has been developing in this direction, but it must seem to Fulbright the unkindest cut of all that the "rudimentary parliamentarians" should have seen fit to throw out the symbol of "goulash diplomacy" in favor of Brezhnev and Kosygin, who

are now promising ground-to-air missiles to North Vietnam.

It was Bill Fulbright's "un-thinkable thought" a year ago that Castro could be more or less ignored. And maybe Cuba, by itself, poses no insuperable problem for the U. S. But Che Guevara, who is the most effective Communist in Cuba, has been comparing notes on guerilla fighting with the Red Chinese in Peking and making offers to the Africans of good Cuban training in subversive warfare against "neo-colonialism." Guevara seems just as much at home in Peking as he is in Moscow, which would indicate that Russia and the Red Chinese have at least a second-level working arrangement for fostering revolutionary movements in Latin America.

Things haven't been breaking Arkansas' way in the battle of the military and civilian budgets. Paradoxically, Bill Fulbright's hope for spending more money at home might be improved if we were to fight the Cold War a little more intensely, to the point of making the Red world sue for a palaver that would end in a compromise in our direction, not theirs.

"THE CHURCHES OF CHRIST SALUTE YOU." Rom. 16:16. A cordial welcome awaits you at the Church of Christ, 225 Moats Drive, Circleville, Ohio. The thought for today, "The Desire To Hear Smooth Things." If a religious teacher wishes to be popular with the masses, let him speak smooth things, if he wants to go to heaven. "let him speak as the oracles of God." 1 Pet. 4:11. Whether it seems to be rough or smooth, it was written by Isaiah, that rebellious people who would not hear the law of the Lord said, "Prophecy not unto us right things, speak unto us smooth things, prophecy deceits, Isa. 30:10. Remember the Bible is God's truth John 8:32, John 17:17, Gal. 1:6-9. Bible Study 9:45; Worship 10:30.

ELDERCARE

...better care than Medicare

Here's why the Herlong-Curtis Eldercare Bill, HR 3727, is the best answer to the health care needs of people over 65

MORE BENEFITS FOR THE ELDERLY

Eldercare would provide a wide range of hospital and medical services for the elderly—much more than Medicare.

	ELDERCARE	MEDICARE
Physicians' Care	YES	NO
Surgical Costs	YES	NO
Drugs — In and out of Hospital	YES	NO
Hospital & Nursing Home Charges	YES	YES

LESS COST TO THE TAXPAYERS

Eldercare offers more care for the elderly who need help, but would cost less because it does not provide benefits for the wealthy and well-to-do. Eldercare would not require a new payroll tax. It would be financed by federal-state funds through a program that already exists.

By contrast, the Medicare tax plan would increase payroll taxes to provide benefits for everyone over 65, the wealthy included. Furthermore, the Medicare tax would hit hardest those least able to pay. The \$5,600-a-year worker would pay as much as the \$56,000 executive.

Your doctors, who care for the elderly, support Eldercare because it also assures free choice of physician and hospital... provides for protection through Blue Cross, Blue Shield and health insurance policies... and lets people over 65 qualify for benefits before illness strikes — without a welfare type investigation.

Write Today!

Urge YOUR congressman and senators to vote for Eldercare (The Herlong-Curtis Bill, H.R. 3727)

Fair Housing Problem Due To Be Aired

COLUMBUS, Ohio (AP) — Hearings begin in the Ohio Legislature next week on controversial "fair housing" legislation, which died at the last regular session after touching off numerous statewide demonstrations and sit-ins.

Up for consideration in the Senate are two measures which would ban racial discrimination in the sale, financing and rental of housing.

The Senate Commerce and Labor Committee will air the proposals beginning Tuesday, with Sen. Charles W. Whalen, R-Montgomery, sponsor of one of the bills, presiding.

The demonstrations two years ago included chain-ins by members of the Congress of Racial Equality and other groups seeking support for the ill-fated legislation which died in House committee.

The Rev. Arthur A. Zebbs, chairman of the Columbus CORE chapter, said Thursday night that his organization "is watching the situation."

"We are not ready at this time to say what plans are," he said.

The second bill, offered by Whalen Thursday, is slightly more lenient than the earlier measure, which has the support of organized labor.

His bill would exempt from the law owner-occupied dwellings of up to four units while the earlier measure, by Senate Democratic Leader Frank W. King of Toledo, president of the Ohio AFL-CIO, provides exemption only for two-family, owner-occupied residences and rooms.

The Senate ended the Legislature's seventh work week on a note of calm in striking contrast to the Wednesday session at which tempers flared over Democratic rejection of gubernatorial appointments.

Two bills were passed by the upper chamber before senators took weekend adjournment. Both now go to the house. One would require front seat belts in all new cars after the first of next year. The other would permit certain credits under the federal marital estate tax laws covering inheritances by spouses.

Sen Robert C. Blackburn, D-Montgomery, called in a resolution for appointment of a governor's committee to select a name for a proposed state university at Dayton.

Another resolution by Sen. James Thorpe, R-Stark, would request the Legislative Study Commission to find ways of implementing "Little Hoover Commission" recommendations.

The recommendations were made by a group of businessmen who conducted without pay a study into possible means of making the state government more efficient.

Among 16 House bills introduced Thursday was a proposal to increase the driver's license fee from \$50 to \$150 with the extra money to help pay the cost of driver education in public high schools. Another would place community mental health centers under the Mental Hygiene Division, permitting Ohio to receive certain federal funds.

Kenyon's Oldest Grad Dies at Age of 89

ZANESVILLE, Ohio (AP) — Kenyon College's oldest living graduate, Manley H. Thompson, has died at age 89.

Thompson, a former newspaperman and insurance executive, was graduated from the school at Gambier in 1896. He died Thursday at his home here.

Lincoln Men At Session In Boston

Several Lincoln Molded Plastics supervisory personnel this week attended the 21st Annual Technical Conference of the Society of Plastics Engineers in Boston, Mass.

The conference was sponsored by the Eastern New England Section of Plastics Engineers.

The theme for the four-day conference was "Plastics — A Prologue To Progress".

Attending from Circleville were W. D. Rackett, vice president; W. A. Brock, plant superintendent; Jack Edsell, project engineer; Dale Minor, estimating engineer.

Attending from Oakland City, Ind., were L. M. Wuest, plant manager and D. W. Greenlee, production manager, former residents of Circleville.

Taft Gives Report On East Africa Status

COLUMBUS, Ohio (AP)—Former U. S. Rep. Robert Taft Jr. of Cincinnati, recently returned from a tour of East Africa, says poor communications and one-party governments are the major problems of emerging nations.

Taft told the annual Ohio State Insurance Conference Thursday that despite the problems the degree of progress in these countries is surprising. He quoted his son, a Peace Corps teacher in Tanzania, as observing that women have fewer rights and opportunities than men and that girls have less opportunity for academic development.

Safety Tea Sponsored Here by Du Pont Highlight for Approximately 350 Ladies

Heavy Activity During Tea

Approximately 350 ladies attended a "Safety Tea" conducted here Wednesday for wives and mothers of local Du Pont employees.

The event was held in the Fairgrounds 4-H and Grange Building. The Tea was sponsored by Du Pont to promote a better understanding of home safety.

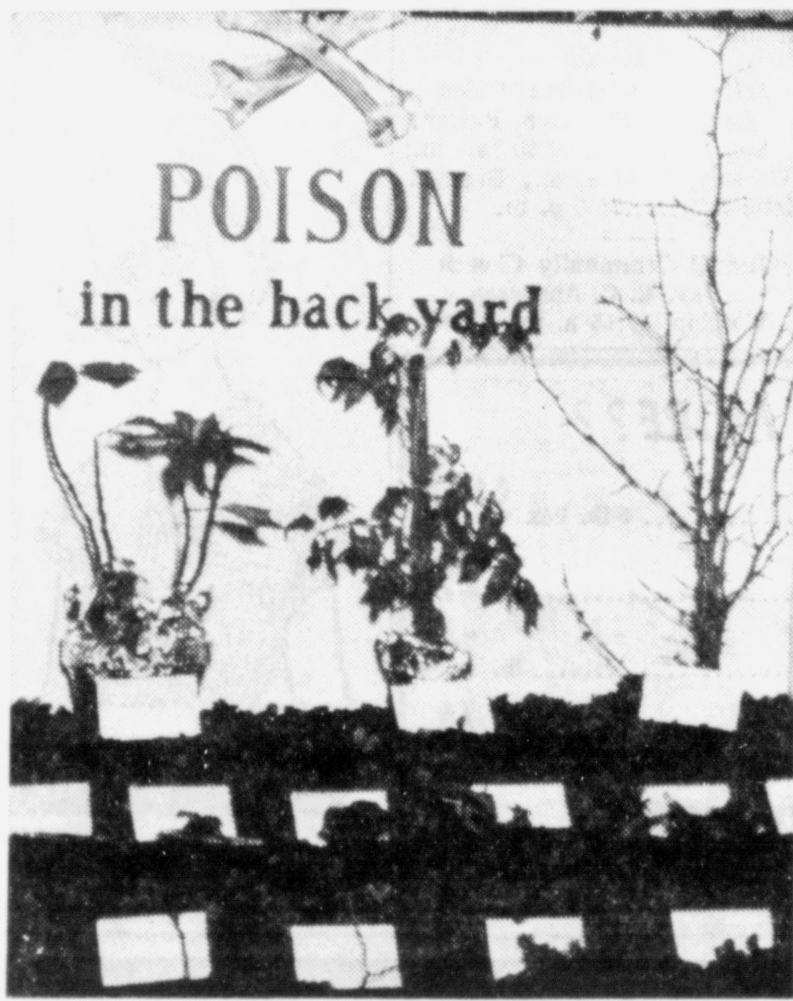

G. A. Fraser served as master of ceremonies. A. D. Bray, plant manager, and C. P. Brackett, safety supervisor, discussed the importance of home safety. Home injury rates were compared to industrial injury rates and the role of the wife in home safety was stressed.

The Metta-Lark Quartet provided entertainment.

Miss Sara Miles, a home consultant for the National Safety Council in Chicago, was featured speaker. Her topic was "Never Underestimate The Power Of A Woman."

Included in Miss Miles' talk was a discussion of the safety aspects of new products on the market. Responsibility of the consumer to insure these are used in a safe manner was stressed.

It was also pointed out that many products are dangerous if

Emphasis on Safety

not used correctly and that the user must "read and heed" labels to prevent possible accidents.

Recent legislation affecting home safety was outlined and proper attitudes necessary for good home practices were emphasized.

Numerous safety items were awarded as door prizes. Winners were Mrs. James Marshall, Mrs. William Sprout, Mrs. Richard Fox, Mrs. James Short, Mrs. Clyde Balzer, Mrs. Kenneth Jones, Mrs. Paul Hill, Mrs. Harold Hill, Mrs. Sally Martin, Mrs. Louis Kline, Mrs. Carol Mosley, Mrs. Stacy Craig, Mrs. Neil Kern, Mrs. J. T. Reagan, Mrs. Evan Fannin, Mrs. Paul Smith, Mrs. Robert Bell, Mrs. Wendell Frazier, Mrs. Peggy Thompson, Mrs. James Mogan, Mrs. Rudy Chelickowsky, Mrs. Donald Meenach, Mrs. J. E. Courtright, Mrs. Robert Fox, Mrs. James Dortch. The floral centerpieces were also distributed.

Serving as hostesses at the tea tables were A. D. Bray, Mrs. R. L. Burton, Mrs. S. P.

Foster, Mrs. F. D. O'Hara, Mrs. W. L. Smith, Mrs. B. B. Deffenbaugh, Mrs. J. R. Bartz and Mrs. G. A. Fraser.

Displays prepared by different plant groups which focused on various aspects of home safety created considerable interest preceding and following the Tea.

Women's News The Circleville Herald, Fri. Mar. 5, 1965

Dear Abby: Twice Blessed and Burned!

DEAR ABBY: I have been hurt so bad by my husband that I don't think I will ever get over it. When our second daughter was born and I was being wheeled from the delivery room into my regular room, my husband was waiting in the hall. And after seven hours of labor and a dry birth to boot, do you know what he said to me? He said, "You are just never going to have a boy, are you?" How can a man be so mean and ignorant? He doesn't know it yet, but I am never going to have another girl, either.

ALL THROUGH DEAR ALL THROUGH: When the new mother, the thoughtless father and the all-girl family return to normal, remind your husband that the MALE determines the sex of a child. And if he EVER again expresses disappointment because you bore him no son, tell him that HE can have the next baby — with your blessing.

DEAR ABBY: A woman who had been married for 26 years asked you if she and her husband should sell their large home and move into an apartment because their children were married and gone and it was too much work to care for the house and yard. Her husband wanted to keep the house and yard. Her husband wanted to keep the house in case their married children wanted to come back for vacations with THEIR kids, or in case they got divorced. I would like to tell her that if her husband wants to keep the big house, she should tell him to do all the cooking and cleaning and yard work. After parents raise their children and marry them off, they are entitled to take it easy in a cozy apartment. If the husband is so crazy about doing yard work, let him go to his children's homes and work his head off.

DEAR ABBY: I am really on the spot. I announced my engagement last December, but no wedding date was set at the time. I didn't send out formal announcements of my engagement. We have now set our wedding date for May 22nd. I understand that the wedding invitations should be sent out three or four weeks prior to the wedding date, so of course they have not yet been sent out. Well, a few days ago I received a very beautiful (and I am sure, expensive) wedding gift from someone who is not on my list to be invited to the wedding. Does

this mean I have to send that person an invitation to my wedding? I don't feel that close to her, and if she hadn't sent a gift I wouldn't have invited her. Please advise.

ON THE SPOT DEAR ON: Yes, that means you must invite that person to your wedding. Pity you were "trapped," but to exclude her would be unthinkable. P. S. It is a pretty sneaky way to get an invitation to a wedding.

CONFIDENTIAL TO: "CURIOUS IN CAMBRIDGE": This is the church's ruling on wedding rings, according to Elder Lewis Lang — worthy, Pastor of the Hollywood Seventh - Day Adventist Church:

"The church performs 'ringless' marriage ceremonies. If an individual wishes to wear a wedding ring to make life less complicated — such as a working wife who wishes people to know that she is not available, a ring is permissible. Simple and functional jewelry (watches, tie pins, brooches, etc.) are permitted. But strictly ornamental jewelry (bracelets, necklaces, earrings) are tabu."

Ever add grated cheddar cheese to corn muffin batter? Especially good when the muffin batter is only lightly sweetened.

17 EUB Church Class Members Attend Session

There were 17 members and one guest present when the Loyal Daughters Class of the First EUB Church met in the service center.

The meeting opened with prayer by Helen Dawson and group singing. Gladys Noggle gave some thoughts on prayer. Hazel Merz presented devotions and read "A Green Hill Far Away" and Scripture.

Readings were given by the following: "After Lent", by Stella Sims; "Soul Keeping" by Charlotte Merrin; "We Need Lent" by Nellie Burgett, Mae Hawkes and Lucille Kirkwood sang, "On the Cross of Calvary". Florence Mason closed with prayer.

Gladys Noggle presided at the business session. A contest was won by Charlotte Merrin and Florence Mason won the table prize.

Refreshments in keeping with St. Patrick's Day were served by the following committee: Helen Roby, Opal Leist, Hazel Merz, Florence Dresbach and Elizabeth Phillips.

Sunday School, 9:30 a. m.; Worship, 10:45 a. m.; Baptist Training Union, 6:30 p. m.; Worship Service, 7:30 p. m. Wednesday Mid-week Prayer Service, 7 p. m.

You've been speeding, and you get a ticket. You don't like it, but you know you've been wrong. With little or no argument, you pay your fine.

You've been staying home from church on Sundays for one of a dozen reasons. Maybe you like to sleep late. Maybe the minister in your church preaches dull sermons. Maybe you don't consider yourself the church-going type. Whatever your alibi—nobody's going to come after you.

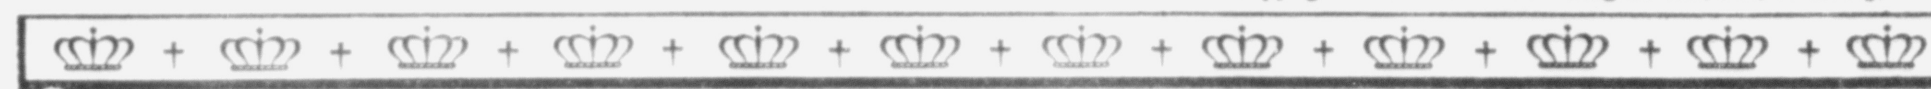

This is a summons you'll have to serve on yourself. For an infraction of God's law is something that can't be ignored. Until you declare yourself guilty, you will be deliberately shutting yourself off from the greatest fellowship in the world. No judge in history has ever pronounced a sterner sentence.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Editor of the Month — Nancy Pickel

Basketball Season Recap

By DAVE AMEY

The Circleville High School Basketball team, dumped from competition last week, ended the year with a 10-9 record.

Highlight of the season was the winning of the South Central Ohio League basketball crown with an 8-2 record.

In recapping CHS basketball, the Tigers started off by losing their first two games to Chillicothe and Lancaster. Then came their first league win at Wilmington.

Teays Valley quickly doused the win light when they handed CHS their third loss. But Hillsboro came to town and were handily knocked off leaving CHS 2-0 in league play.

Reynoldsburg was the next Tiger victim and the win evened CHS's record 3-3 in preparation for their league defense at Miami Trace.

The Panthers stopped CHS and then Washington CHX turned the trick the next week to leave the Tigers in second place — the lowest they dropped all season.

CHS tangled with highly touted Franklin Heights the following night and won their second non-league game. Then Greenfield invaded the Circleville gym and the Tigers ended the first round of league play by winning and holding a 3-2 record.

Lancaster came to Circleville for a return engagement and again emerged the winner. CHS then startled everybody by beating Wilmington, Hillsboro, and Miami Trace in succession, before losing to Westfall.

Then CHS went on to score the highest effort of 102 points at Greenfield that brought Circleville its first undisputed league crown in 15 years.

Then came the miserable 49 points in Tournament play against Groveport.

John Thomas, CHS senior, scored the most points for the Tigers this year hitting 137 field goals and 79 free throws for 353 points.

Thomas had an accuracy from the floor of 41 percent and a free throw accuracy of 65 percent.

John Maxwell figured second in total points — garnering 284. He hit 102 of 253 field goal attempts for 40 per cent and 80 of 103 charity tosses for 78 per cent.

Chet Iery, another senior, scored 265 points. He canned 97 of 285 shots for 34 per cent and 73 of 111 free throw attempts for 65 per cent.

Tim Stonerock, sophomore starter, scored 163 points and led CHS in accuracy from the floor — hitting 63 of 131 shots for 48 per cent. He also hit 37 of 61 charity tosses for 61 per cent.

Ronnie Seward scored 76 points from his guard position, hitting 31 of 86 shots for 36 per cent and 14 of 27 free throws for 52 per cent.

Doug Roth scored 47 points for the Tigers — getting most of them in league games. He hit 15 of 53 attempts from the floor for 28 per cent and 17 of 30 free throws for 57 per cent.

Jim Diltz, Tiger Junir, scored 43 points, hitting 17 of 38 from the floor for 45 per cent and 9 of 15 from the free throw line for 60 per cent.

Doug Price scored 32 points for CHS. The senior hit 10 of 23 from the floor for 43 per cent and led the Tigers in free throw accuracy with 12 of 17 attempts for 70 per cent.

David Iery scored 8 points on 3 buckets out of 7 attempts for 43 per cent and 2 free throws of 5 tries for 40 per cent.

Spring Fever's Here

By NANCY PICKEL

Have you seen the student who walks around with stars in his eyes; head tilted to one side with the expression on his face of a love-sick puppy; the one who never seems to participate in class any more; never carries any books home; and the one who sits in study hall with his mind many miles away? If so, you have viewed a student stricken with that dreaded "disease" — spring fever.

As March makes its gay appearance, as the Lenten season begins, as the weatherman manages a few pleasant days, students fail to realize that there are two more six-week periods and that trying to slide through on the previous six week's grades can result in a marred slate.

A taste of spring fever won't hurt anyone, but it is an individual's responsibility to maintain a studious attitude along with it. Remember that the grades earned the last two grading periods are as important, if not more so, than those earned previously.

DE Students of the Week

By BOB PRITCHARD

This is it. The last week for the DE students' column. All of the Distributive Education students have been featured on the Red and Black page. We hope that you are all well-acquainted now with the students in Circleville High School's newest course of study.

David Thompson, son of Mr. and Mrs. Oscar Mogan, 440 Sun-

DAVID THOMPSON

nyview Drive, is one of the three DE students for this final week. Dave is employed at the Savings Bank in the bookkeeping department by Mr. Walter Garner.

Dave is a great follower of the CHS tiger teams and makes a good male cheerleader. Dave enjoys dancing, sports, and, of course, girls. Dave is a member of the Teenage Dems, DECA, Columbia Record Club, and Hill's Royal Commandos. His favorite subjects are American Government and DE. Dave listed his dislikes as "knocking clocks off bank walls and calling gas stations to order hamburgers."

David E. Valentine, son of Alice and Leland Valentine, is

DAVID VALENTINE

the second DECA student. He resides at 164 Walnut St. and is employed at the local G. C. Mur-

phy store where he does a variety of different jobs. The 18-year-old senior enjoys water skiing, and when he falls off-swimming. Dave enjoys working on cars and watching cars run at the races. After graduation he hopes to take up racing as a hobby. He is also a member of the Circleville Chapter of DECA. At the end of his high school life Dave plans to take the G. C. Murphy manager's training course.

Miss Connie Marie Waidelich, 118 E. High St. is the DE girl

CONNIE WAIDELICH

of this week. Connie is the daughter of Mr. and Mrs. Kenneth Waidelich. Connie is employed at the Deb Shop. Among her hobbies are bowling and writing letters. She also enjoys dancing and "weekends." And Connie says: "I hate to get up early in the morning." Connie is also a member of DECA and is chairman of that Club's scribebook committee. Also listed among Connie's likes might be watching cars race, talking, and "Toot".

CHS Calendar

By CAROLYN LEWIS

March 5 — Science Fair-open to public at 7 to 7:30 p. m. in high school gym

March 6 — Wrestling District Tournament at Franklin Heights at 2 p. m.

March 8 — SCOL spring Banquet at Miami Trace at 6:30 with CHS Triple Trio featured entertainment

March 9 — English Merit Society Assembly

Don't forget to come see tomorrow's scientists today at the CHS gym. Open to public at 7:30 p. m.

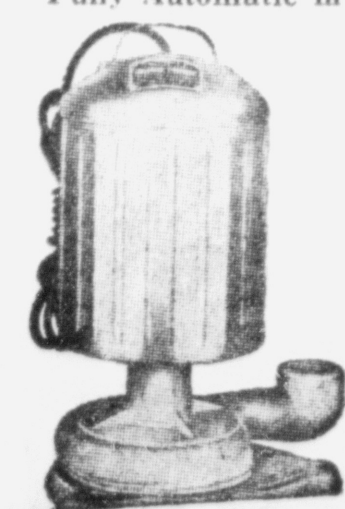

Congratulations to Harold Lee and Dave Thompson, DECA students who won contests at Chillicothe last Monday.

Boats for '65

By LARRY STOUT

What shape is your boat bottom in: Show-box shape, flight-deck design or schizophrenic bows?

Almost everybody in the boat-building business has something new. Lines have been refined, expanded, redesigned, renamed and upholstered, painted and above all advertised to no end. The results are not just new but exciting. So if you are thinking of trading up this season you had better plan plenty of shopping — around time.

It's a year when you can buy a boat with one, two, or three bows and they can either be round, square or half-octagonal. You may even find a new design which bleeds air through slots in the bottom to cut friction and increase speed.

Whether your taste in power runs to two-cycle, four-cycle, or diesel, you are almost certain to find exactly what you want on the '65 market. By the way, boating is changed, when you find the power you want it will either be new for '65 or an honest improvement over last year's model.

Popularity isn't lagging either. There are more stern drivers; outboards reach from one horsepower all the way up to 100 horsepower. You'll also find that there are more jet boats around.

At first the net result of all this frantic activity may be confusion. However, a closer look shows that 1965 marks a big step toward that goal mentioned in all the ads — maximum performance, minimum maintenance and more boating value for your dollar.

Adjudications

Set at Whitehall

Senior high school vocal and instrumental solos and ensembles, more familiarly known as adjudications, will be held tomorrow, March 6, for District 13 at Whitehall-Yearling High School. This event is in affiliation with the Ohio Music Education Association.

Those representing CHS are as follows: solos — Eric Downing and Donna Stevens (flute); Mike Lorentz, Branson Hawkes and Bob McNelly (snare drum); Katherine Griner, Melissa Matz and Patty Town (Piano); Harriett Jones and Christine Zehner (alto); Mary Ann Yates (mezzo soprano). The two ensembles attending will be the Triple Trio consisting of Patty Town, Christine Zehner, Mary Ann Yates, Harriett Jones, Susan Bennett, Elaine Mosley, Linda Gallion, Susan Reichelderfer and Melanie Brehmer, and a drum ensemble of Mike Lorentz, Branson Hawkes, Craig Benzenberg, Terry Hull and Dana Bass.

We are proud to have these fine musicians representing CHS and send our best wishes with them and their efforts.

Of course there is always the "behind-the-scenes" production. The seniors are looking forward to a very unique and professional set design. Committees are not yet completely formulated, but it is quite certain that the seniors will turn out a technical production that will fall in line with the finest '65 tradition.

Have you got what it takes?

Earn a dollar
Keep part of it
Salt it away
in the bank
Leave it there,
drawing interest

But he who earns, keeps, banks, and lets his dollars grow, has learned how to make money make money.

There's nothing quite like having money in the bank — our bank. Start saving regularly here with us!

THE SAVINGS BANK & AUTO BANK CIRCLEVILLE

DANA BASS

DARRYL BASS

Students of the Week

By BOB ANDERSON

If you want smiles and laughter at CHS, all you have to do is call on the Bass twins. With smiles like angels, Dana and Darryl Bass are two of the greatest sophomores you would want to meet.

Darryl and Dana are the sons of Mrs. Bernadett Bass of 527 S. Scioto St.

Both boys are very active in school as well as outside activities. Dana's activities consist of Science Club, Current Callers, Band, baseball, basketball manager, Davis Demons, and Teenage Democratic Club. Darryl, who is also a great sport lover, likes varsity football, baseball, wrestling and Teenage Democratic Club also.

With the heavy schedule these two boys carry, they still find time for their hobbies, which include a list about as long as their activities. Darryl's include baseball, tennis and model cars, while Dana's are playing the symbols and bass drum, a friendly game of baseball, football or basketball, mat hockey and tennis.

A question which a lot of people like to ask a pair of twins is "How does it feel to be a twin?" Dana and Darryl were asked this question and here is their answer: Darryl: "It feels great to be a twin. You can have a better time fooling people who don't know you very well." Here is Dana's: "Just the opposite of what it is not being a twin."

Both of the boys are enrolled in the commercial course of study, with college being their goal after graduation. Dana wants to become a biologist, while Darryl wants to go into the business field.

54 days left for seniors!

What biology student calls a grasshopper a "grasshopper"?

What Journalism student carries her black knee-length socks to church?

Final 1965 Circle copy was mailed last Tuesday. The staff breathed a sigh of relief and settled down to await delivery.

Teacher of the Week

By LINDA GOODMAN

All students like an understanding, helpful and congenial teacher. This is our teacher of the week. She is Mrs. Helen Davis, an eighth grade teacher, who lives in Kingston.

She is married to Leo Davis and the mother of three children. Lee, the oldest, is a doctor of medicine. He lives in Wauseon, Ohio. Larry is a technician for the Xerox Corporation and lives in Sidney, O. Jane is a student at Ohio State University and is majoring in secondary education.

Mrs. Davis has had much experience in teaching as she has taught 21 years, ten of which have been in the Circleville system. Her education is backed by degrees from Ohio State and Ohio Universities.

Her interests besides school are various. Her family and home, which she indeed can be proud of, are number one. She likes all sports, especially foot-

MRS. HELEN DAVIS

ball and basketball. She has an interest in flowers, antiques and reading.

That Mrs. Davis shows an interest in CHS is proven when asked how she regards CHS. "If I didn't enjoy working and association with the students of Circleville I most certainly wouldn't be teaching here," she said.

"I have been associated with several schools and communities which I have enjoyed but none more than Circleville. The caliber of the students and the co-operation of the students and parents are very good. In all it is a very friendly and satisfying place to be."

Mrs. Davis tries to understand and help students as is shown when asked her philosophy of teaching. "Teaching is a challenging but rewarding profession."

"No two children are alike. They have different backgrounds, different temperaments. They differ in mental and physical abilities, ambitions and goals."

"I sincerely try to understand the student and his problems. I believe that behind all unsatisfactory situations there is a cause. If we can discover this unfortunate cause many times we are able to help the student."

"My greatest worry and concern is for the student who is dishonest," shows poor school spirit, lacks good sportsmanship or is indifferent to his school work. This student is badly in need of help."

"I want to do something worthwhile with my life. I know of no other profession which gives as much satisfaction or opportunity as teaching. In no other work could I come in contact with so many individuals as in the school."

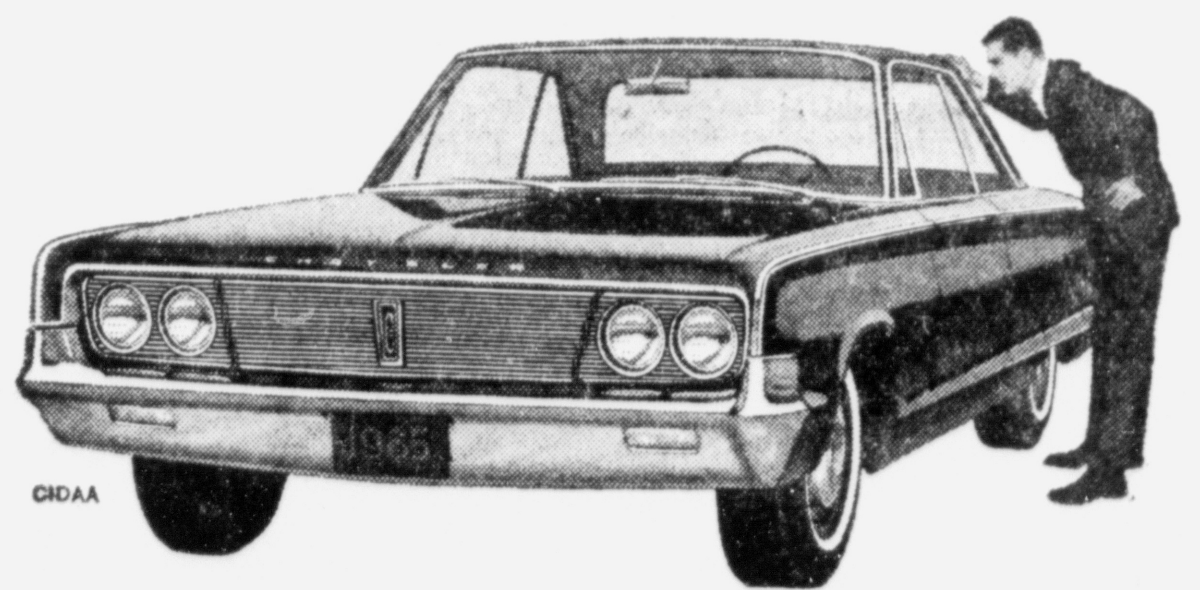

"I would like to think and feel that I care or have helped and had some favorable influence on at least some of the pupils I try to teach."

That Chrysler's a beautiful car. But that kind of beauty must cost a bundle.

Check our price on a Chrysler.

We run ads like this for one reason. To make this point: almost half our '65 Chryslers are priced only a few dollars a month more than the most popular smaller cars, comparably equipped. Move up. It's easy. See us. We deliver.

Machen-Terrell Bout Due Tonight

By STEVE JONES

Teays Valley High School lost to Linden McKinley, 75-63, last night in a Class AA Central District tournament game at the Fairgrounds Coliseum, Columbus.

2 Class AA Games To Be On Television

COLUMBUS, Ohio (AP)—Two games of the 1965 Ohio High school basketball championship tournament will be telecast over a nine-station network covering most of the state.

Paul E. Landis, scholastic commissioner, said the semi-final game between the Class AA representatives from the northwest and southwest regional tournaments would be telecast at 9:30 p.m., March 26, along with the Class AA title game at 8 p.m., March 27.

Stations from Cincinnati, Cleveland, Columbus, Dayton, Lima, Steubenville, Toledo, Youngstown and Zanesville make up the network.

None of the Class A contests will be aired, and the class AA semi-final between the northeast and central regional winners also will be missed.

This is the first time in 43 years the tournament has been telecast on a statewide basis, and Landis said.

"The state board is glad to bring the schoolboy classic into nearly every home in Ohio. Demand for tickets to the Columbus finals has been more than three times the capacity of St. John arena. There are no ticket sales to the general public, all going to the competing schools."

Ryan Said 100 Pct. OK After Surgery

CLEVELAND (AP) — Frank Ryan, quarterback of the world champion Cleveland Browns, has made a "100 per cent recovery" from a right shoulder separation he suffered in January, an orthopedic surgeon said today.

"He's done real well and no surgery will be necessary," said Dr. Ralph Kovach after examining Ryan at a medical center. "He should be as good as ever when he completes his exercising program."

A few days ago in his hometown of Houston, Tex., Ryan discarded the plaster cast he had been wearing since Jan. 18. He was injured during the National Football League pro bowl game in Los Angeles.

Ryan flew in from Texas Wednesday night and underwent an examination and X-rays this morning. He planned to return to Houston to continue teaching and studying at Rice University. A mathematics whiz, he is working toward a doctorate in that field.

Dr. Kovach said the slight restriction of movement in his arm will be worked out in the weeks ahead.

4 Players Tied In Chilly Pensacola

PENSACOLA, Fla. (AP) — Jack Nicklaus, Doug Sanders, Kel Nagle and Dave Marr have two things in common: they carded four-under-par 68s for first round honors in the \$65,000 Pensacola Open Golf Tournament and they're praying for warm weather.

Winds were icy and gusting during Thursday's morning rounds and the temperature dropped to the 30s.

Despite wind and cold, Nicklaus called it "my most solid round all year. The premium here is on accuracy. Although I'm not completely satisfied with my game, I think I'm on the right track."

The game was actually closer than the final score might indicate. Russ Gregg's Vikings stayed within four points much of the fourth quarter.

However, in the late stages, the Viking press gave up a couple of easy baskets and the Linden Panthers were able to capitalize at the charity stripe. Teays Valley matched highly touted Linden McKinley point-for-point in the first quarter, pulled out to a 41-36 lead at halftime and then fell victim to a disastrous third quarter shooting performance.

THE FIRST quarter saw the Vikings connect on seven of 13 field goal attempts and five of seven foul shots for a total of 19 points.

In the second quarter, they pulled out to a five-point half-time lead on an excellent performance at the foul line.

During that period the Vikings stepped to the foul line 10 times and canned every chance. Linden came up with two more points from the field but failed to match the Teays Valley onslaught at the charity stripe.

The third quarter saw the Vikings connect on only two field goals, although they fired away at the basket 18 times.

Tribe Studies First Base Assignment

TUCSON, Ariz. (AP) — The Cleveland Indians' first intra-squad game today focused attention on the big question of the year for the Tribe—who's on first base?

Manager Birdie Tebbetts assigned Rocky Colavito to first base on one team and Chuck Hinton on the other team. One of the two outfielders is expected to be the key figure in "operation switch," Tebbetts' plan to find a place in the lineup for the four "regular" outfielders on his roster.

Colavito said Thursday he came to camp physically and mentally prepared to play either first base or right field. "Why not?" said the popular slugger. "I'm a major league baseball player. I'll play anywhere they tell me to. I'm not worried. If Birdie Tebbetts wants me on first, I'll give him my best shot. If I'm in right field, I'll do the same."

Colavito has seen some action at first base in his major league career — "just five games," he said.

Canadian Girl Wins Ice Crown

COLORADO SPRINGS, Colo. (AP) — Perky Petra Burka of Canada rejoiced in her brightest skating prize — the world women's title — today as 20 men skaters moved back into the spotlight at the World Figure Skating Championships.

The 18-year-old Dutch-born girl from Toronto won her championship Thursday night before a packed and appreciative audience at the Broadmoor World Arena, just as she had been favored to do.

She was the unanimous choice of the nine judges despite a fall during a double flip near the end of her performance.

This cold shooting performance combined with Linden's bench strength, was the difference. With three fouls on three of his players at halftime, Linden Coach Vince Chickarella substituted with confidence.

And the taller Linden crew was able to control rebounding during the crucial third quarter. The Columbus cagers pulled from a five-point deficit to an eight-point lead.

IN THE fourth quarter the Linden crew added four points to the margin as the Vikings were forced to foul in the late stages. This was caused by the controlling tactics employed by the Panthers.

Linden was one of the three Columbus City League co-champions.

For Teays Valley, Mitchell Clay connected on six of 10 field goals and hit eight of 10 charity tosses for a total of 20 points to lead the offense.

Bill Fortner scored 13 points, eight of them in the first quarter, one in the third and four in the fourth period. Gerald Green came through with an 11-point performance. Doug Mallory tallied nine markers, Dave Reese eight and Gayle Fosnaugh two.

However, Linden McKinley mounted a four-man balanced attack with Chris Ralston hitting nine field goals and two foul shots for 20 points. Edward Young scored 17, Eddie Guice 14 and Jim Stuck 10.

The loss closed out the Viking season with a 14-4 record.

Linden McKinley Stuck 4-2-10; Young 7-3-17; Ralston 9-2-20; E. Guice 5-4-14; T. Guice 2-4-8; Piper 2-0-4; Frazer 1-0-2. Totals: 30-10-22.

Teays Valley Reese 3-2-5; Clay 6-8-20; Fortner 6-1-13; Mallory 3-3-9; Green 3-5-11; Fosnaugh 1-0-2. Totals: 22-19-63.

Score by Qtrs. 1 2 3 Final

Linden 19 36 58 — 73

Teays Valley 19 41 45 — 63

NEW YORK (AP) — Bobby Walden of the Minnesota Vikings should have no kick coming when he learns about the official 1964 National Football League punting statistics released today.

The figures disclosed that Walden edged Yale Lary of the Detroit Lions for the punting title by one-tenth of a yard. Walden averaged 46.4 yards for 72 kicks while Lary's average was 46.3 for 67 efforts. Lary was the 1963 leader with 48.9.

Walden, who did all the Vikings' punting, enabled Minnesota to take the team championship. Detroit was next with a 45.7 yard average. Then came San Francisco 45.6, New York 45.4 and Chicago 44.5.

Centralia Cage Tourney Slated

The Centralia Independent basketball tournament, sponsored annually by the junior class, is scheduled to begin Mar. 15.

Limited to 20 teams, the tournament dates after the opening session are Mar. 17, 18, 19, 22, 24, 25.

Trophies will be awarded to the first four teams. The entry fee of \$20 must be paid by the drawing March 14 and team rosters must be completed by then.

Interested persons may contact Ralph Wilson, Hallsville or Richard V. Smith at Centralia High School.

BATAVIA, Ohio (AP) — A couple of months ago, Coach Bob Clousson of Batavia High School told a sportswriter, "I'd like another shot at it up there."

Clousson was talking about the Class A state basketball finals in Columbus.

Last year, Clousson thought he had a team talented enough to play in the state finals, but his boys didn't make it, losing to Williamsburg in the county tourney.

That loss still rankles Clousson, for, he feels it deprived him and his team of the recognition a small town high school and coach so badly yearn for.

Now Batavia and Bob Clousson have another chance at that recognition.

The Bulldogs sailed through another undefeated season, piling up 19 victories on their way to a second straight Clermont County League title. Since the season ended, they have won two more games and their foe tonight will be that old spoiler, Williamsburg.

"We beat them twice during the season," Clousson said. "But the tournament is the big thing. Batavia's strong point all season long was its high scoring offense that took the Bulldogs over the century mark a number of times."

"I think the boys improved the last five or six games," Clousson said. "Dave Smith has really been coming along for us."

Smith is a 6-foot-1 center whom Clousson has been using in relief.

"He definitely picks up the tempo of the game," Clousson said of Smith. "He's aggressive and a scrapper."

Is Batavia going to the state finals this year, then?

"Well, it's a long haul but the boys and I think we can do it," the coach said. "I know that I have sort of dedicated myself to it. We are ready."

Johnson Files Claim as Third Sacker

TAMPA, Fla. (AP) — Deron Johnson thinks he's the man the Cincinnati Reds should play at third base this season.

Six players, only two of them rookies, were vying for the position Thursday as the full Reds squad went through four hours of practice for the first time.

"There's no question I can handle third base," Johnson said of his prospects.

"I'll have to learn to play the hitters, but that shouldn't pose much of a problem," the 26-year-old former New York Yankees farmhand said, noting that he twice made the International League All-Star team as a third baseman.

One of Johnson's rivals for the job is Pete Rose, who is also a leading candidate for second base. The others are Steve Boros and Chico Ruiz, plus rookies Tony Perez and Tommy Helms.

The big point in Johnson's favor is his batting average. Playing several positions, he hit .273 for last season, while Rose averaged .269 at the plate. Boros batted .257 and Ruiz .244.

CHICAGO (AP) — Ernie Terrell and Eddie Machen, a couple of contenders hidden in the shadow of Cassius Clay, clash tonight in a 15-rounder for the World Boxing Association's version of the heavyweight championship.

Terrell, a 6-foot-6, guitar-strumming boxer who has won 12 straight fights, is a 12-5 choice over the 6-foot Californian, who was beaten in his last fight by former champion Floyd Patterson.

Promoter Irving Schoenwald is hoping for a crowd of about 7,000 and a gross gate of \$60,000 for the International Amphitheatre.

The arena seats 12,000 and is sealed for \$102,000. So far the fight has created world-wide apathy.

The bout will be shown on closed-circuit television in several cities. There will be no radio broadcast. Fight time is 10:30 p.m., EST.

This is a title fight of sorts because the WBA stripped Clay of title recognition for signing a return match with Sonny Liston.

Twin-Double Betting Is Nixed in Ohio

COLUMBUS, Ohio (AP) — Horse players at Ohio tracks this year will have to do without the twin-double, which has resulted in fabulous payoffs in other states and was seen by some persons as a possible "shot in the arm" for Ohio racing.

The State Racing Commission voted unanimously Thursday not to allow twin-double betting.

The proposal had drawn support from Commission member John E. Elder of Cleveland. He said Ohio racing needed a stimulus of some kind, and that the twin-double might provide the "shot in the arm" it needs.

Other members, however, felt the stimulus should come from higher purses, resulting in better horses being raced on Buckeye tracks.

"The opportunity to win \$100,000 or more in a twin-double might result in a few more \$2 bettors," said Chairman Lawrence A. Ramey, "but it wouldn't bring better horses to our state."

In the twin-double, the bettor puts up \$2 and tries to select the winners in four races designated by the track.

This violated the WBA's rule against return title bout without special permission. Liston was dropped out of the rankings after another one of his brushes with the law.

The WBA first named Terrell

and Cleveland Williams of Houston to meet for the title.

But Williams was shot in a scrape with the police near Houston and was fired out of the contention.

So Machen, who was ranked

fifth after losing a 12-rounder to former champion Patterson at Stockholm last July 5, was

boosted to No. 4 and into the title fight with Terrell. Now he is ranked No. 3.

New York still recognizes

Clay, who meets Liston in Boston May 25, as champion. The

British Boxing Board of Control considers the Terrell-Machen

fight "little more than a joke" as far as the world title is concerned.

The European Boxing Union

does not recognize Clay as champion but says the Chicago

fight is nothing more than a preliminary since it holds the

winner must fight Patterson.

Patterson, meanwhile is itching

for a shot at Clay and later with Liston, the man who

knocked him out twice in the first round.

Terrell, 25, has a 36-4 record,

including 18 knockouts. He was

stopped once, by Williams in the

seventh round at Houston, April

3, 1962. Since then he has swept

to 12 victories and is No. 1 in the

WBA ratings.

Machen, 32, has been fighting

pro for 10 years with more ups

and downs than a yo-yo. His

record is 47-5-2, including 29

knockouts. His only knockout

loss was in the first round by

Ingemar Johansson in Sweden,

Sept. 14, 1958.

Craig Wood was runnerup in

the first two Masters tourna-

ments in 1934-35. He won in

1941, beating Byron Nelson by

three shots.

Duke Braced for Joust Against Wake Forest '5'

By THE ASSOCIATED PRESS

A week ago West Virginia scored the college basketball upset of the season by defeating sixth-ranked Davidson in the semifinals of the Southern Conference championship tournament.

Will a similar fate overtake the eighth-ranked Duke Blue Devils tonight when they face Wake Forest in the semifinals of the Atlantic Coast Conference championship tourney at Raleigh?

Going into the ACC tournament with a dismal 11-14 record, the same as West Virginia, Wake Forest upset North Carolina 92-76 in the first round Thursday night after Duke barely escaped disaster against South Carolina.

Duke, thrice victor over Wake Forest already this season, beat the Gamecocks 62-60 on Jack Martin's basket in the last 41 seconds. The Deacons, led by Bob Leonard's 25 points, wiped out a 43-38 North Carolina half-time lead with a 14-point burst early in the second half to down the Tar Heels.

Maryland beat Clemson 61-50 and N.C. State overwhelmed Virginia 106-69 in other first-round ACC games. The Terps and the Wolfpack meet in the other semifinal tonight.

The St. Louis Billikens celebrated acceptance of a bid to play in the National Invitation post-season tourney by drubbing North Texas 90-73 at St. Louis. The Billikens and Bradley were named to the NIT Thursday, completing the 14-team field.

A crowd of 18,178, the largest to see a regular-season double-header in 15 years, turned out at New York's Madison Square Garden to watch four NIT teams play. Fordham edged Manhattan 67-65 on Len Zandy's

Fraternity Beer Bash Brings Fine of \$1,000

CLEVELAND (AP) — The Interfraternity Council at Case Institute of Technology has slapped a \$1,000 fine on Phi Kappa Theta fraternity's Case chapter for serving beer at a rush party for new members.

The chapter, with 50 members, has until the end of the school year to pay the fine. Fred Trenor, council president, said the fraternity violated rush week rules by serving beer.

SOUTH-CENTRAL IMPROVEMENT — Work crews from South-Central Electric set a new pole in place during the construction phase of the new transmission line from Bell Siding in Pickaway County to Delmont in Fairfield County. The improvement represents an investment of \$180,000.

Business News

Improvement Completed by Power Firm

A \$180,000 improvement of service facilities in a section of Pickaway and Fairfield Counties has been completed by the South-Central Rural Electric Co.

Darwin Kindler, South-Central general manager, announced completion of the project. It amounts to 13 miles of new transmission line between Bell Siding in Pickaway County and Delmont in Fairfield County.

The power company has set new poles, strung new transmission line and replaced all old equipment with new from Bell Siding, northeast of Circleville, to Denton, southwest of Lancaster.

Kindler said the investment serves as an insurance that all consumers in the area will have less chance of service interruptions. "Most of the old poles and lines were part of our original construction more than a quarter of a century ago," he added.

(Continued from Page One) Up Free" which was the Junior High 1965 Mission Study Book.

The editor received his BA and MA degrees from Pennsylvania State University. He served as research assistant in journalism at Penn State.

RANCK served four years in the U. S. Navy. He and his wife have one son.

His parents, Ezra and Dorothy Ranck, live in Pennsylvania, where Dr. Ranck is director of Christian Education of the Eastern Conference.

Ramsay is retired director for Community Relations, United Steelworkers of America, AFL-CIO. A Christian layman, he is widely known for his contribution to both religion and labor.

He worked in steelmills for 17 years, beginning at the age of 16. He served with the United Steelworkers under Philip Murray and David J. McDonald.

The retired community relations executive is an elder of the National Presbyterian Church, Washington, D. C. He served the National Council of Church of Christ in its Department of Church and Economic

Life, and is secretary of United Church Men.

In 1957 Ramsay received the Layman's Award of the Council of Churches of the National Capital Area.

Five Are Treated By Berger Staff

Phyllis Jones, 53, Laurelville, received emergency care in Berger Hospital yesterday after she lacerated a finger of her right hand on the metal handle of a sweeper. Five persons were treated and released.

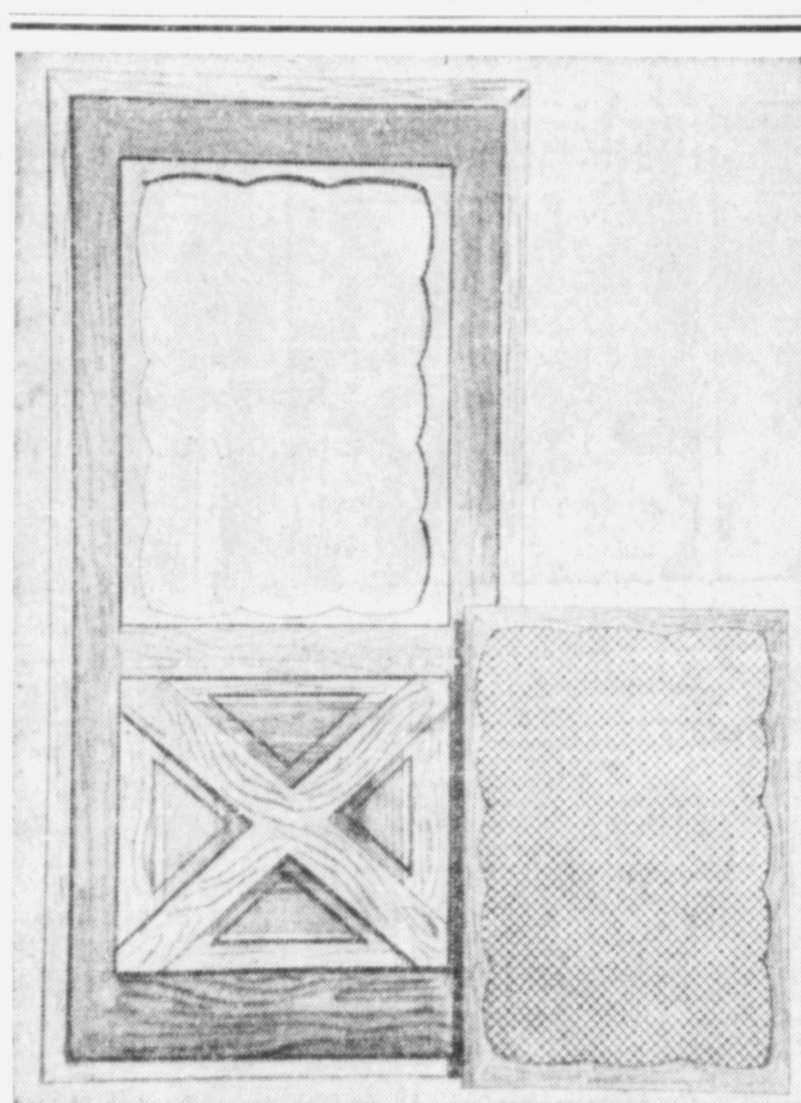

Robert Stevens, 29, Route 1, was treated after a foreign object lodged in his left eye while working at Lincoln Molded Plastics, Inc.

Krystal Happeny, 4, Route 1, fell on a swing at home and injured her left leg.

Tom Walston, 84, Route 4, fell down steps and lacerated his forehead.

Edward Crites, 26, Route 2, Ashville, was bitten on the left leg by a dog.

Virtually the world's entire crop of jumping beans comes from the town of Alamos in the Mexican state of Sonora.

V. F. W. Dance Fri., March 5, 9-11, by Ronnie & The Misfits. Chicken dinner from 7-9 p. m. Members and guest.

The Ed Wallace Realty Company, a partnership between the late Ed Wallace and E. R. Bennett, will continue to operate at the same address, under the name of E. R. Bennett, Realtor, 127 1/2 E. Main Street.

Annual Fish Supper Wed. March 10, serving 5-8 p. m., Five Points Methodist Church, sponsored by The Friendship Class. All you can eat.

start at 10 a. m., will be conducted in cooperation with the State Highway Patrol. Details of the program have been announced jointly by Mrs. John A. Stevenson, chairman of the Farm Bureau group, and State Patrolman R. E. Carson.

The program, emphasizing "Defensive driving", has eight different lessons and will be conducted at the one session, Mrs. Stevenson reported. "We are expecting 75 people to attend this meeting," she said.

The State Highway Patrol and Cooperative Extension Service safety experts are cooperating in the all-out effort to make the program a success.

COL. Anson B. Cook, State Highway Patrol superintendent, said, "This type of program has long been needed, because even good drivers need to refresh their memories on good driving habits."

It is anticipated that between 12,000 to 14,000 people will take part in the program of Ohio. "If it saves one life on the highway, we can consider it a success," Colonel Cook said.

The State Highway patrol head has appointed one patrolman for each county to help in this program at the local level.

"We know the cooperation between Patrolman, R. E. Carson and the Farm Bureau Women's Committee will result in an excellent driver improvement program," Colonel Cook remarked.

Other organizations helping with the program will be Nationwide Mutual Insurance, with Kirk Reed serving as instructor.

Persons planning to participate are requested to bring sack lunches. Beverages will be provided.

Local Artist Has Exhibit in Columbus

Mrs. Otis Runyon, Route 1, has an entry included in the Sculpture and Drawing Exhibit which will open with a tea 2-5 p. m. Sunday in Schumacher Gallery at Capital University, Columbus.

Mrs. Runyon's entry is a drawing titled "Little Princess." The show is conducted by the Columbus Art Gallery, Clyde Singer of Butler Institute, Youngstown, was the judge for the many exhibits.

DONALD E. STRAWSER

D. E. Strawser Is Promoted At Lincoln

W. D. Rackett, vice president of Lincoln Molded Plastics, Inc. today announced the promotion of Donald E. Strawser, to quality control foreman.

Strawser became associated with Lincoln in December of 1956 as a press operator. In May of 1960 he advanced to floorman of the molding department and was promoted to assistant foreman in the inspection department in March, 1964. He is a life long resident of Circleville and was graduated from Circleville High School in 1956. One of his hobbies is a Little League baseball team, having managed the Circleville Lumber team last year.

The new quality control foreman resides at 536 Elm Avenue with his wife, Shirley Jane, and two children, Jerry, 6, and Terri, 5.

Dahlia Society Meeting Sunday

Members of the Central Ohio Dahlia Society will conduct an organizational meeting 2 p. m. Sunday at the Fairgrounds 4-H and Grange Building.

The meeting agenda will include an election of officers for this year. The Society also will make plans for participation in this year's Pickaway County Fair, Ohio State Fair and the Fall Flower Show that is conducted at the Pickaway Fairgrounds.

William Cook, spokesman for the Society, said Sunday's meeting is open to all interested persons.

Contamination of Other Worlds Worries Spacemen

LOS ANGELES (AP) — The search for life on other planets is rapidly approaching its highest hurdle, one that man may not be able to clear with present-day technology.

That hurdle — how to avoid contaminating other worlds with earth bacteria and viruses — has cropped up frequently this week at the Unmanned Spacecraft Meeting of the American Institute of Aeronautics and Astronautics.

So tough is the problem that many scientists and engineers are bypassing it temporarily. They have no choice but to go ahead designing spacecraft that will work and assume meanwhile that someone will find a way to sterilize the vehicles before they land on, or even fly through the atmosphere of, other bodies in our solar system.

It is difficult enough to sterilize the metal spacecraft itself, simply because of the sizes planned in the next few years. Voyager, which the United States is planning to send to Mars by 1971, may be 20 to 30 feet high and weigh up to 26,000 pounds. Building an oven to heat such a vehicle at 300 degrees Fahrenheit for 24 hours —

the sterilization standard set by the U.S. space agency — is no simple task.

But it can be done, two General Electric Co. experts, R. W. Wooten and J. B. Tenney, said in papers prepared for the spacecraft meeting. The vehicles will be of metal, and metal can withstand such heat.

The real problem, they said in an interview, is in sterilizing the plastic electronic parts such as radios, batteries and tape recorders which collect and transmit information necessary before manned landings can be attempted.

Plastics are the best material for such parts because of their light weight and insulative qualities. Plastics are wrecked by high and prolonged heat. They melt, expand and even explode under temperatures the germs they contain can survive.

Why worry about sterilization? First, no one wants to take the chance of infecting forms of life that may exist on other planets. Second, only by complete sterilization can scientists be sure that any microscopic life found on alien soil was not imported from earth.
